Subject: Yucca Mountain

Part of Records Package / Supplement / Correction

I am writing to protest the use of Yucca Mountain as a repository for nuclear waste. Not only is it environmentally unsound, but the methods of transporting the waste to that site involve serious risks.

Not least of all are the issues of trespass by the government on those lands and the dishonorable breaking of the Treaty of Ruby Valley.

Please give serious consideration to the above, and discontinue thinking of Yucca Mountain as a site for storing this terribly poisonous waste which will inevitably find a way to contaminate everything in the area and spread sickness and death far and wide.

Sincerely,
Nancy H. Ferraro
